

Install TeamViewer on your device

After downloading TeamViewer, you can start the setup wizard.

1. Run the setup file you have downloaded.
2. Under “**How do you want to proceed?**”
 - select “**Basic Installation**”
3. Under “**How do you want to use TeamViewer?**”
 - select “**Personal / Non-commercial use**”

4. Click “**Accept – finish**” to start the installation.
